

— IMPROVING NAMES —

jbrains ©2011

increase duplication in names
remove duplication in code

remove duplication in names

nonsensical

structurally accurate
vague

precise

intention-revealing

DISCOVER STRUCTURE

UNDERSTAND STRUCTURE

REALISE PURPOSE

meaningful
purpose-revealing

foo
bar
baz
quux

Compute
process
execute
calculate

vague

XFactory
YAdapter
ZRepository
input
result

structural

names are longer

use of conjunctions:
and, or, but,
then, if...

misleading ☹️

THE GOAL

Continually improve names
by moving right on the
continuum.
